Pol-Ease[®] Mold Dressing

8.0 lb

USE: Mold Dressing protects and rejuvenates rubber molds exposed to solvents and petroleum oils contained in some release agents and casting resins. More than one application may be needed depending on the condition of the mold rubber.

DIRECTIONS: Before use, read SDS. Apply a thin, uniform coat of Mold Dressing by spraying, brushing or dipping the mold surface. Do not flood or puddle Mold Dressing on mold surface. Allow Mold Dressing to soak into the rubber overnight. Repeat as needed. Concrete can be poured on treated mold surface without any other releases. Close container tightly after use.

CONTENTS: Proprietary plasticizer

NET WEIGHT: 8.0 lb

FOR INDUSTRIAL/PROFESSIONAL USE ONLY.

GHS CLASSIFICATION: NOT HAZARDOUS.

May cause mild eye and skin irritation.

MADE IN THE USA
